Center of the soul

How the characteristics of your soul effect on your individuality.

Medastrana symbol : MOON

You mainly live through your emotions and the impressions you receive from your environment. You are not selfish but you have a great generosity. You show faith and loyalty in your relationships. You have the tendency to be at a loss yourself by offering everything to others. This sometimes makes you vulnerable. Surely you have a

complicated nature. You possess a talent in absorbing ideas. You often have visions and dreams, and a tendency to arts, like music, poetry, painting, or even maths or chemistry. Emotions are very significant in your life. In moments of high pressure due to occurring problems, if you lose your psychic balance, you may be misled by mischievous associates.

You have a deep need to be connected with the whole world in a quest of what keeps this world together, not what tears it apart. Your speaking is sweet and you possess the abilities of a fair diplomat. It is hard to be analyzed or to let your emotions show. Even though you seem not to be affected by what people say, you are very much bothered by criticism. If you decide to show your bad side, you will do so in a very intense way. Deep inside, without realizing it, you can be everywhere and nowhere at the same time. You have the tendency to create confusion. Some of your characteristics are from the moon. Do not be surprised if you are able to function in a system perfectly.

When you set a target you proceed with method, accuracy and the necessary patience to overcome any obstacles that may come across. You love to communicate and behave with politeness. You hate noise and extreme activity around you. You do not accept interferences from others in your private life. You have a fully developed adaptability and the talent to transform, in order to fulfil the requirements of different circumstances. This is the way that you manage to penetrate in situations and to take advantage of your position. You appear to be blase, due to your tendency to sulk, dream on and turn in on yourself. If you let your negative self be in charge, it is possible to come up with problems as being inactive and passive, feeling that the world around is not as safe as it should be.

You like to express sympathy and understanding. Most probably, you have no prejudices. One way to reach total fulfillment is to feel that you offer to people. You may not be as close to your family as you should, but you try to offer the best in every respect. You listen with attention but without judgment and you are able to offer a good advice. You possess ingenuity and craftiness, which you use in the best possible way in everyday- life. You prefer to live an easy, comfortable life. It is necessary to be offered moral support to what concerns the managing of material wealth so you will be able to be in balance between the spiritualism and the material world. You appear indifferent to action with no real meaning and it would be difficult for someone to get your attention. You avoid the direct approach. Your ability to transform gives you the advantage to sabotage your enemies without warning, in order to succeed your goals. You do not hesitate to use any means possible to protect your interests. Usually you function in a slow motion.

When you combine the gift of diplomacy and maneuvering with your talent in business, you can be very successful professionally in every aspect. When you do not work on your self-improvement, the cultivation of your heart in order to discover your

defaults and mistakes and to gain psycho-spiritual evolvement, the result is to have negative tensions, sometimes in a greater and sometimes in a smaller degree: You may feel insecure, that your whole world, the environment you function and live in, is not as safe as it should be. Sometimes you have the need to escape the cruelty of the world, by means of dreaming, or, in the worse scenario, using alcohol or other substances. Frequently you disconnect yourself from your environment, considering at the same time your personal needs more important of all. You avoid people with problems, or those who remind you of your own ones. Occasionally you follow the easy path, which is a pathetic attitude towards life.

Mind

The course of your life mainly based on logic is mentioned below.
