

The necessary data that you must enter in order to have your Medastrana analysis

Choose one of the analyzes on the left at home page. Once you have selected the desired analysis, when prompted, enter some data which is necessary for the algorithm to generate the results of your alternative holistic personal analysis. The necessary information that you must enter (depends on what analysis you choose) are the following: name, last name, date of birth, the street number of your home (enter only numbers and letters, not the street or avenue name) and some random words in the Medastrana divination methods.

Correct enter of your name in order to have your analysis

About the correct enter of your first name: enter your name (as you baptized), if you have not baptized, enter the name you are given. For example, your real name is Joanna, but people call you Jo, you enter the name Joanna. If you have more than one "first name", enter all of them in the name field, for example if your "first" name is Catherine and Jane, you will enter both of them as follows: CatherineJane. The same directions are given in order to enter in a correct way your last name.

Correct enter of your birth date in order to have your analysis

About the correct enter of your birth date: if the date of birth is different from the one you indicated in your ID, enter the actual date of birth and do not enter the one you have in the ID.

Correct enter of the number of your house in order to have your analysis

About the correct enter of your house number(of the road or avenue): enter all the numbers you have, for example, the number of your house is 58-60, you will enter all the numbers in a single digit: 5860. If you have more than one entrances in your house, may be, one of your entrances has the number 8 and the other entrance has the number 11, so you enter the numbers in one digit: 811. In case that you moved recently, you enter the number of the road or avenue that you live now, but you must live at this house at least for two or three years, otherwise enter the street number of the house that you lived before. If the number of the street or avenue

contains letters, enter both the numbers and letters, for example the number of your house is 65A, enter: 65A. If your house does not have a number, enter a number that you feel that is the best you could have.
